WELCOME TO YOUR HOME AWAY FROM HOME IN THE CYCLADES!

Whether you are looking for authentic experiences or a unique retreat, don't look any further, because you've found your place to be! At Rocabella Mykonos, our goal has always been to appeal to genuine travellers, those wanderlust seeking who dislike anything pretentious and want to unwind at places where they can be nothing more than themselves.

We've created this Cycladic haven centred around the warmth and sincerity that forms the basis of Greek hospitality as well as the simplicity that characterises the Cycladic architecture.

Character is what makes a hotel fall short or stand out; its ability to introduce you to a world of authenticity, which will carry you away in its rhythms and make you feel at home. At the end of the day, Rocabella is the microcosm that we ourselves look for while travelling.

This homely atmosphere is what we as a team strive for so that you'll enjoy your experience here to the fullest. After all, from the rooms to the restaurants, from the pool to the spa, and from the lounge bar to each and every corner, Rocabella has a story to tell, and you are a part of it.

Enjoy your stay!

HOME IS WHERE YOUR HAPPY TALE BEGINS

With respect to the traditional architecture and topography, as well as the desire to meet contemporary needs and aesthetic requirements, Rocabella Mykonos is designed to offer a unique hospitality experience. The surrounding area of the hotel is now entirely devoted to guests, acting as a social realm of various activities... a summer garden! The earthy colour palette is prevalent, while the simple outlines allow natural materials such as stone, wood and sporadic planting, to stand out and give a primal sense of intimacy and hospitality.

Its 24 rooms and suites follow a consistent aesthetic course with the natural elements and colours, as well as the simplicity of the outlines prevailing. Against the backdrop of the sea, you can enjoy your privacy in your personal outdoor hot tub or swimming pool, while the rooms and suites are designed to cater to your needs with high-standards services and provide personalised experiences of genuine hospitality.

The heart of the hotel “beats” around the pool, designed to surrender to the landscape. The spectacular 300 sq.m. infinity pool, the largest hotel pool in Mykonos, plays a leading role and comprises Rocabella’s centre, which unfolds around it. The design sunbeds that float in the water are all you need for a long-

lasting relaxation with unobstructed views of picturesque Chora, Delos and the endless blue of the Aegean Sea. The “summer garden” is immersed in nature and the water element, ensuring the desired sense of escape and freedom.

Guided by our respect for local architecture and striving to gratify our guests' needs, we have created 24 unique rooms and suites that offer unobstructed sea view and are equipped with personal outdoor hot tub or/and a balcony. We strongly believe that a globetrotter seeks to find a personal refuge in any part of the world and we have created such a place here in Mykonos. The only thing you have to do is pinpoint what makes you happy, choose your type of... happiness and allow us to offer you a once in a lifetime experience!

The talented Spyros Artelaris has also put together the dessert menu here. Nomee invites you to go back to the years of innocence but from a contemporary perspective, serving wonderful flavours of the "past", shouting at the same time... #nomnom!

DINE & DRINK

OUR KITCHEN IS FOR DANCING SOULS

This season, Reeza restaurant of Rocabella Mykonos welcomes you in a brand-new venue that bears the signature of Stones & Walls and presents creative Greek cuisine at its finest with a tantalising menu.

For us Greeks, besides its literal interpretation, the word “reeza” (“root”) also bears a special meaning. That is why we chose this name for our restaurant, and we can assure you that it was anything but accidental. Through our culinary journey, we track down and savour our roots, offering an experience that initiates you “root and branch” to contemporary Greek flavours with strong recollections of the past.

THE VENUE

Completely renovated and with a strong character, the restaurant’s new venue augurs its new era. Stones & Walls interior design firm and the talented Afrodit Bonatsou have created a venue that reflects Rocabella’s broader philosophy. Part of the “summer garden” that has been set around an impressive 300 sq.m. infinity pool (Mykonos’ largest hotel swimming

pool!), Reeza restaurant is an eye-catcher for the deluxe simplicity that characterises its seamless integration of the “garden” in nature and the aquatic element ensure the required sense of escape and freedom, where anybody can create their own narratives, inspired by the ample colours of the sunset and the sea in combination with the dreamy views of the picturesque Chora, Delos and the Aegean Sea.

THE NEW MENU

The high standards of the kitchen and the new restaurant menu mark the new era of Reeza. The culinary experience offered to our guests represents fine dining, marries the traditional Greek cuisine with a contemporary creative perspective and presents each dish in the light of high-quality raw ingredients and modern techniques.

DEGUSTATION MENUS

Choose any of the three degustation menus: Reeza Adventure, Reeza Journey, Green! Green!, which satisfy any visitor and any mood in the most well-rounded way.

**Reservation is necessary*

The menu's best sellers include: The Athinaiki, a "forgotten-by-many" recipe that is nonetheless an emblematic dish of the urban classic cuisine enters Reeza's menu in a delicate and exotic version. The Crab vs Dolmas, an appetizer that encloses land and sea in a "bite" and should not be missed by any table.

The Greek 'summer' salad combines aromas and flavours from the chef's memories, and brings to mind our own summers in the village. The Iberic pork and Beera is an ode to Mykonos' land, as the island's pigsties and local breweries join forces to create a top-notch dish. It is worth noting that this year's menu also features vegan choices. The sour yogurt with cherry and chocolate and the peach carpaccio round off your culinary experience at Reeza in the best way. All the above find their match with the brand-new wine list that honours the Greek -and not only- vineyards, and the creative cocktail list.

DO IT LIKE A CHEF!

What if you could make one of our bestseller dishes on your own? Rooster pastitsada is an authentic Greek dish and your next cooking challenge. All you have to do is follow our chef's recipe and tips, and success is yours.

ROOSTER PASTITSADA

INGREDIENTS:

FOR THE PASTA

500 gr flour type 00
200 gr egg yolk
20 gr egg white

FILLING

1 kg free-range rooster
2 kg tomatoes, grated
2 onions, finely chopped
2 cloves of garlic, finely chopped
Powder of 2 cloves
Powder of 2 allspices
5 gr ground cinnamon
10 gr spicy paprika
10 gr sweet paprika
100 gr olive oil
Salt, pepper, sugar

REFINING

100 gr parmesan cheese
50 gr parsley
10 gr truffle oil
Gruyere foam
500 gr heavy cream
200 gr Gruyere (or graviera) cheese
Salt
White pepper

INSTRUCTIONS

Sauté the rooster over medium heat until caramelized and remove from heat. Sauté the onions over low heat until golden, add the garlic and cook for 2 more minutes to release their oils. Add the tomatoes and set aside for 10 minutes to lose some moisture. Add spices, salt and pepper, and some sugar. Place the rooster in the pot and then in the oven at 180 for 1 hour or until cooked. When cooked, allow it to reach a warm temperature and then shred the rooster, drain any excess juice and mix the rooster with the sauce, parmesan, truffle oil and parsley. Season to taste.

PASTA

Add all the ingredients in a mixer and mix at a low speed. Remove and knead the dough with your hands until it is firm and shiny. Allow to rest for 4 hours. Roll out the pasta into thin sheets using a pasta-maker and cut it with a ring mould to make the tortellini. Place

the filling in the middle of the pasta, egg wash the edges and fold it to into tortellini or ravioli. Let the tortellini dry for 10 minutes.

GRUYERE FOAM

Heat the heavy cream over medium heat until it reduces in half. Add the grated Gruyere cheese and stir the whole time so that it doesn't stick to the bottom of the pot. When completely combined, mix with a hand mixer, add salt and pepper and pass through a sieve, just in case any lumps were formed. Place in a siphon with two chargers of N2O.

TO SERVE

Boil the fresh pasta for 6 minutes. Place some sauce and the tortellini on a serving plate. Fill the gaps with gruyere foam. If you're feeling gourmet, you can also grate some fresh truffle over your dish.

ENJOY!

IL BEL FAR NIENTE*

LADY MEDITTERENEAN SIMPLICITY!

Aphroditi Bonatsou, the person behind the successful Stones & Walls architectural firm and the source of inspiration for Rocabella Mykonos' new architectural era, introduces herself and at the same time presents the hotel's new profile.

For me architecture is... a way of life

If I had a word to describe the Cycladic aesthetics, that would be... plasticity

It's a project I wish I could have designed myself... so many things, I don't know where to start from...

My ideal island house would be in... Tinos

A source of inspiration for redesigning Rocabella Mykonos has been... the immense view and the existing unstructured building in contrast to the new one's design.

The main features of the hotel's new spaces are... the stone, and all the inert materials. My favourite spot at Rocabella Mykonos is of course... the new bar with the wonderful cactuses

If there is one thing that sets this hotel apart, that is... its unique swimming pool and aura

The hashtag I'd use for the hotel's new era would definitely be... #medittereaneansimplicity

An experience worth-living by any visitor is... dining at the new Reeza restaurant

Our love and passion for botanicals and indigenous plants created our holistic approach. With our specialised treatments, specially formulated products by Emma Hardie Skincare & Dr.Jackson's Organic Skincare and experienced therapists, each treatment's long-lasting results are visible on the spot.

OILS FOR HEALTHY SKIN EVEN ON HOLIDAYS

Facial oils are disregarded due to the common misconception of pore blockage and unwanted shiny effect. It's time to convince you otherwise. There are many reasons why oils should be part of your skincare routine. Safely formulated oils are great for problem skin; and no, we don't just mean dry skin. The right oil blend should never feel heavy or greasy, but it should lock in moisture with a lightweight texture and a healthy glow, while oils' countless powers moisturize your skin, condition cuticles and hair, and rehydrate the post-shaving skin. Simply make 03 Everyday Oil by Dr.Jackson's part of your routine and let the natural properties of Baobab Seed Oil, Marula Seed Oil, Calendula and Arnica flower extracts do the work. With a unique mix of oleic and linoleic acids, baobab oil evens out skin tone and improves elasticity. Moisture-rich marula hydrates, meanwhile calming calendula and soothing arnica deliver a clear complexion and a revitalised glow. Suitable for all skin types, its handy size is great for everyday use even while on the go; and what's great is that you can find it at our Rocabella Spa.

Two fine beaches with broad sand shores and clear waters separated by the Divounta peninsula with its fishing harbor. Both offer a pretty landscape, amenities that include a diving and surfing school, and good transportation.

ELIA

Pretty, expansive, and popular. Elia is the last stop on the water transport route from Platis Yialos.

AGRARI

Another pretty beach, slightly more isolated for swimmers who shun crowds.

FTELIA

Located in the northern part of the island, about 9 km from Chora, Ftelia is featured among the hippie style beaches, particularly dear to surfers.

AGIOS SOSTIS

In the northern part of the island, near Panormos, it is one of the most beautiful beaches on the island, featuring a long side and a smaller bay ideal for skinny dipping.

AYIOS IOANNIS

Cosmopolitan, somewhat western beach with a view towards Delos.

LIA

The furthest of the southern beaches, boasts a number of tavernas and a beach bar restaurant.

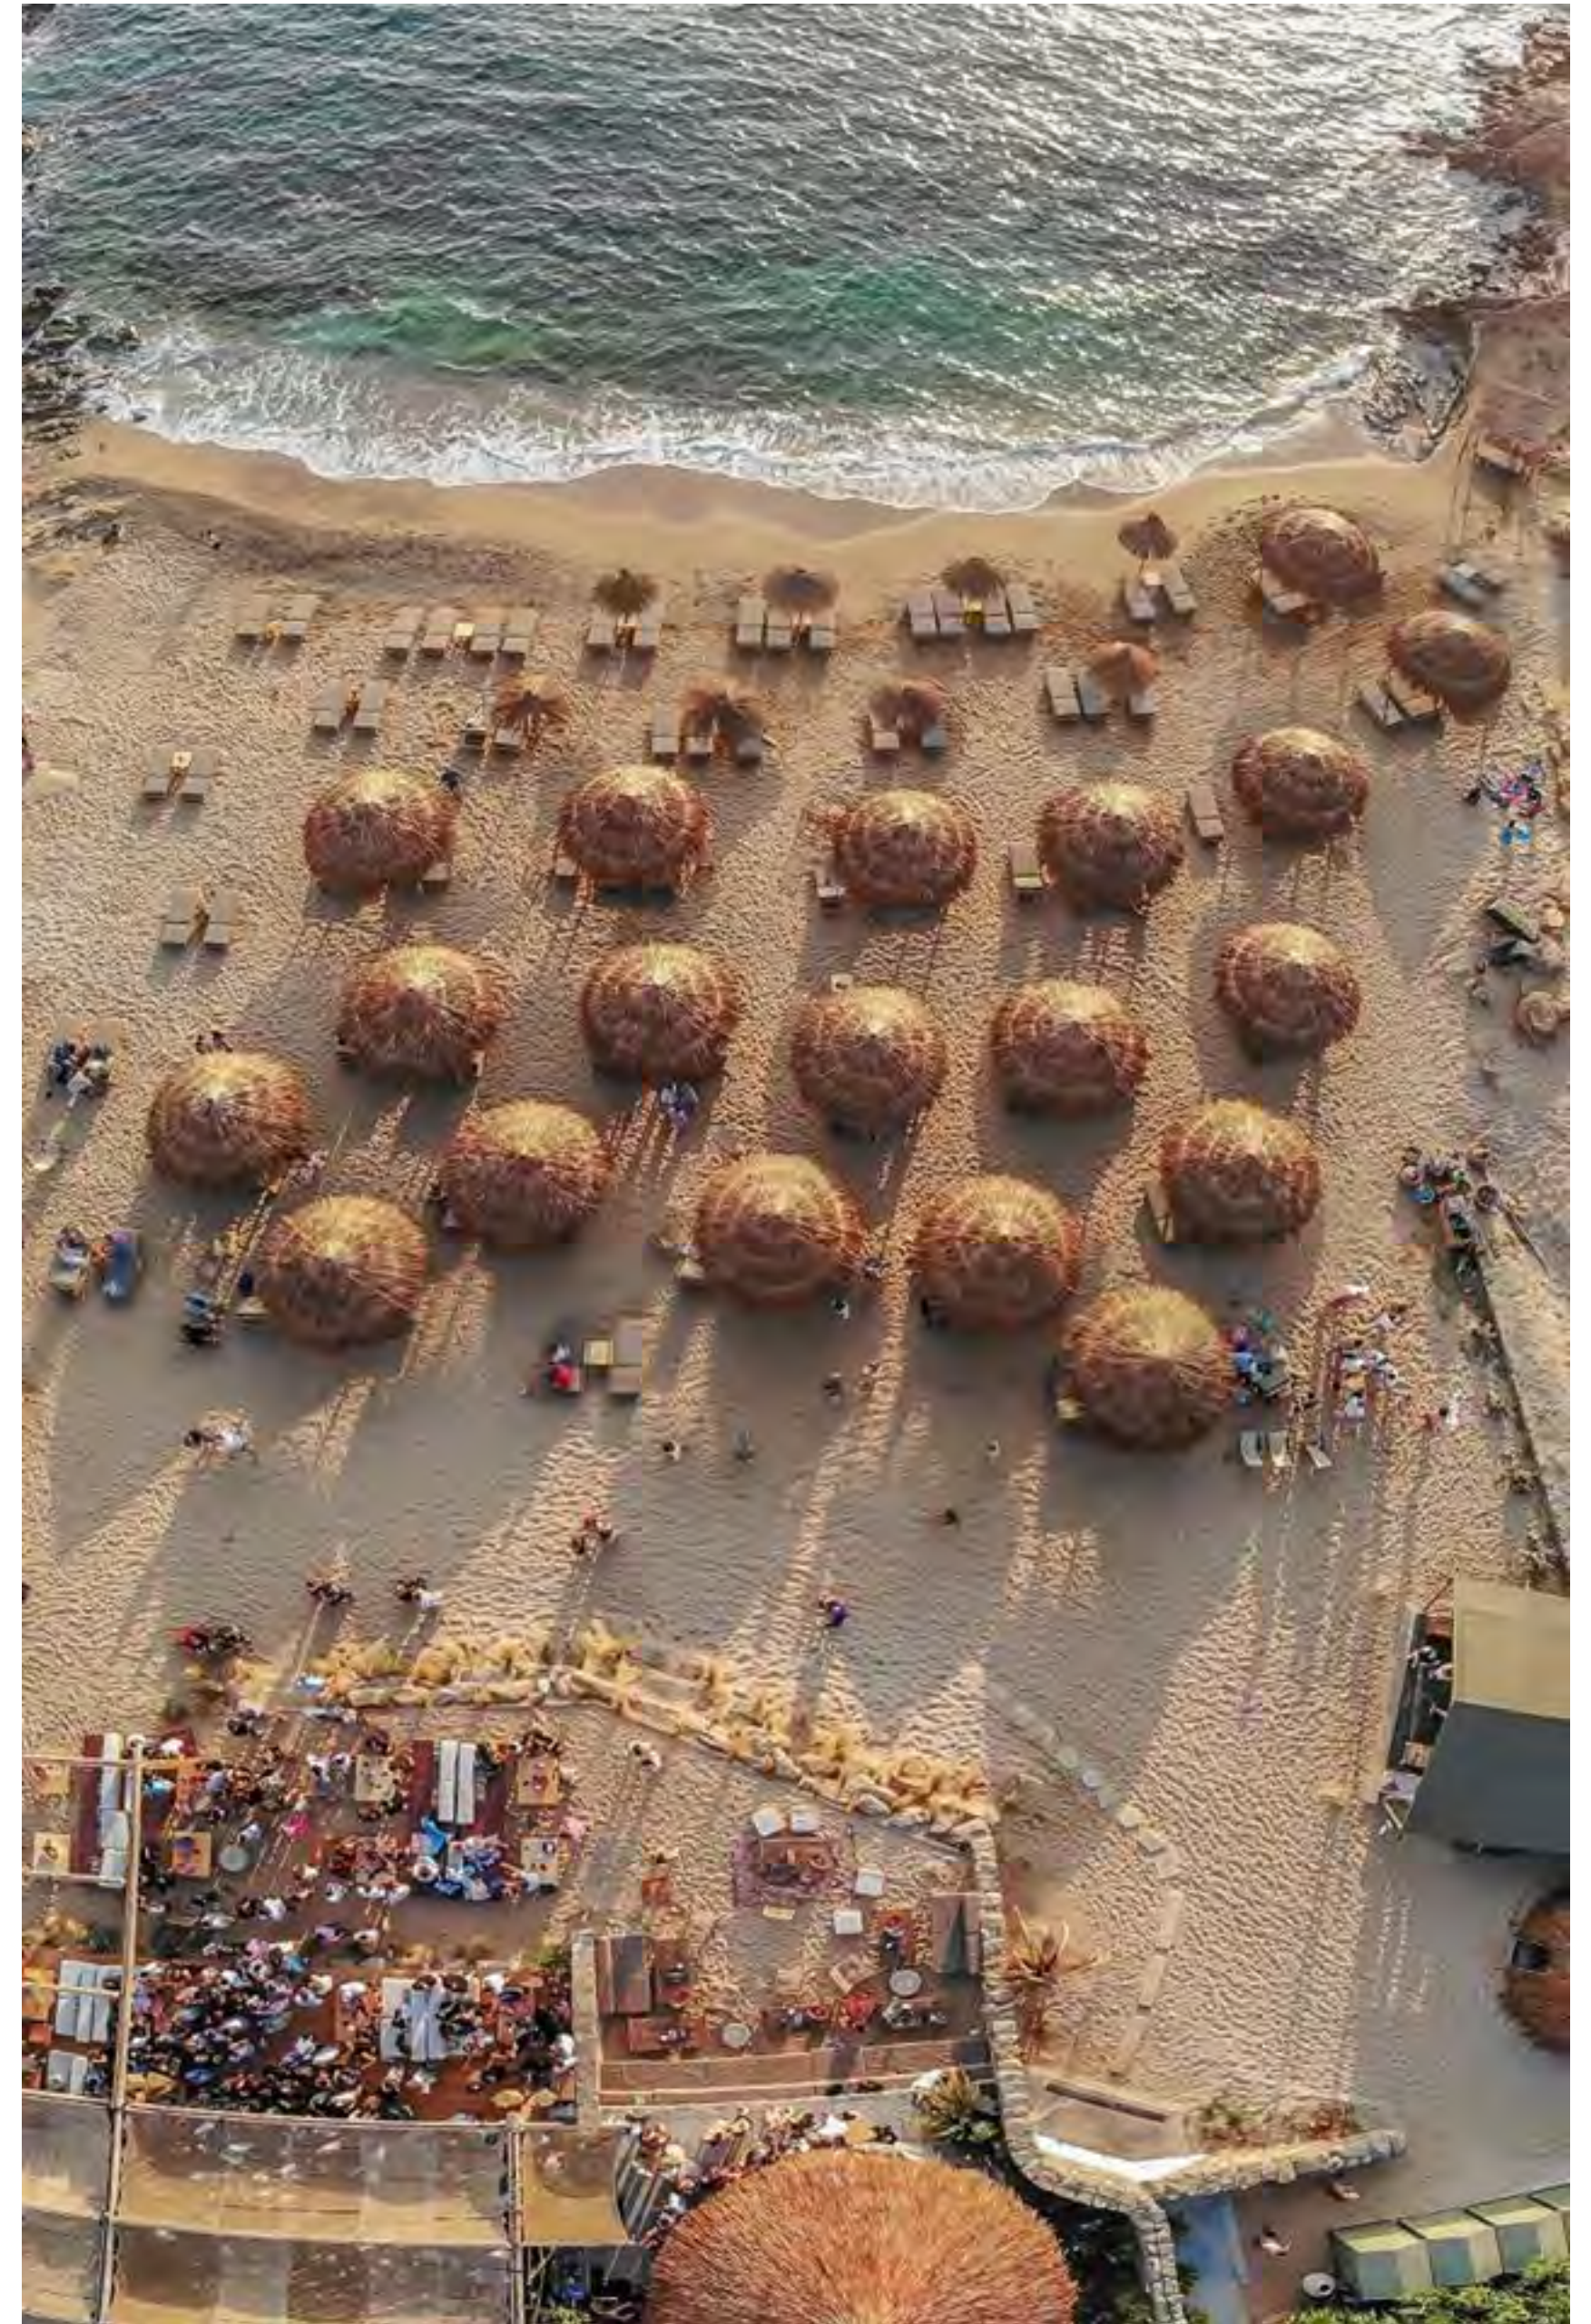

MEGALI AMMOS

Within walking distance (located within walking distance of 600 meters south) is the best beach close to Chora.
